

Chores Are Fun

Now that I am growing up, I have chores, I help
out!

I have responsibility, at home and school too!

In the morning I can make my bed, put on clothes,
brush my teeth,

Pack my bag and go to school, this helps my
family.

At school I can erase the board, set out mats,
clean up snacks,

I help my teacher ev'ry day, in many different
ways.

When I get home I clean my room, feed my pets,
read my books.

I get to set the table too, for dinnertime each
night.

I have chores and so does mom, dad does too, all
day through.

When I help with all the chores, it helps my family.

When I finish all my chores, for the day, I can
play.

I completed all my tasks today, it wasn't hard at
all!

Now that I am growing up, I have chores, I help
out!

I have responsibility, at home and school too
