

LANGUAGES ALL AROUND

People live all around the 
From China to France and Peru
and sometimes those families move far away
to places exciting and new

And when they come from
around the 
There's something they bring us to share,
They have the  of their own language
Some are common and some are quite rare.

Languages all around us,
We hear them every day
It's special to speak a new language
That comes from far, far away
There's Spanish, Somali and Hebrew,
They all have different sounds

Arabic, Chinese and Burmese,
There are _____ all around

Can you speak more than one language?
Can you learn from others you know?
Languages teach us about our world,
Learning languages helps us to grow.

What do some languages sound like?
What sounds and what letters will blend?
We can learn about customs and cultures
and learn more about our new friends
