

peaPod 5- I AM GROWING UP

Look at me! I'm growing up!
 Growing up! Growing up!
 Now that I'm a one-year old
 I'll start to move around.
 I can start to feed myself
 feed myself, feed myself.
 I can use a spoon and fork
 and hold a cup to drink.

I'll start to build a tower with blocks,
 and have fun playing games with you
 Like peek-a-boo and patty cake.
 I love to play with you!

When you call my name,
 I start to know it's me,
 I start responding to my name!
 It fills you with glee!

Now that I am two years old,
 two years old, two years old!
 I can say a few great words,
 and listen to a story!
 I pick things up and put them down,
 play pretend, meet new friends.
 I brush my teeth, give great big hugs,
 explore the things around me!
 There are tons of things I learn to do,
 while I'm two, while I'm two

Like recognize my own face
 when looking in the mirror!

When I start to walk around,
 Each day I practice more,
 I'm so happy that I'm allowed
 to reach out and explore!

Now that I've turned three years old,
 three years old, three years old!
 I jump up high, and climb a hill,
 and run around the playground
 I recognize different shapes,
 like circles, diamonds, and squares,
 I use scissors to cut out shapes
 and draw many pictures.
 I can help a friend and play pretend,
 wait my turn, share and learn!
 I can follow directions, speak in full
 sentences, communicate my needs!

Look at me I'm growing up,
 growing up, growing up!
 Now that I am growing up,
 I'm learning more and more!

(Talk) Look I'm growing up!
